

TourGoat

Bangladesh's First & Only Musical Tourism Experience Provider & Consultancy
Curating Global Festival Journeys with Seamless Travel & Unforgettable Experiences

About Us

TourGoat, established in 2025, is Bangladesh's first & only Musical Tourism Experience Provider & Consultancy, dedicated to creating seamless and unforgettable journeys for global music festival lovers. We specialize in planning complete festival travel experiences by combining flights, accommodation, and expert guidance into one curated package. From the first step of planning to the final moment of the event, TourGoat ensures a smooth and well-organized journey. Our focus is not just travel, but the full experience. We help travelers explore some of the world's most iconic music festivals while removing the stress of logistics, planning, and coordination.

Mission

Our mission is to simplify global music festival travel for people in Bangladesh by making the entire journey structured, reliable, and stress-free. We aim to bridge the gap between passion and experience by guiding travelers through every step of their festival journey from planning flights and accommodation to organizing complete travel coordination and on-ground support.

TourGoat is committed to ensuring that every traveler can enjoy world-class music festivals without worrying about logistics, confusion, or uncertainty. We focus on delivering clarity, convenience, and confidence in every trip we plan.

Vision

Our vision is to establish TourGoat as the most trusted and leading musical tourism experience provider in Bangladesh, connecting passionate travelers to the world's biggest and most iconic music festivals.

We aspire to build a global travel ecosystem where music lovers from Bangladesh can easily explore international festivals with well-planned, high-quality, and memorable travel experiences.

In the long term, we aim to redefine how festival tourism is experienced from Bangladesh by making it more organized, accessible, and experience-driven rather than just travel-based.
